

## Mission and Vision

To support the understanding that  
all process is art.

Whether taking yarn to the loom, or  
preparing rabbit for sausage making,  
the product of our hands is what nourishes  
our lives. Deeply rooted purpose is  
the result of creative process.

All while  
working together  
in an encouraging environment and  
recognizing the parallel between a purposeful  
life and hands-on experience.

In a  
skill sharing environment  
members will create in community  
and gain experience from peers, advancing  
knowledge and technique.

# Nezinscot Farm Artisans Guild

Fostering the social interaction  
that leads to discovery

Nezinscot Farm Artisans Guild  
has been formed to provide an  
opportunity for Maine artisans to gather  
and devote concentrated time to the  
pursuit of their artistic goals.
